

# Privacy Notice

Updated: March 26, 2021

This privacy notice discloses the privacy practices for Millet Software. This privacy notice applies solely to information collected by Millet Software. For example, it does not apply to information you provide to PayPal in order to send payments. It will notify you of the following:

- What information we collect;
- With whom it is shared;
- How it can be corrected;
- How it is secured;
- How policy changes will be communicated; and
- How to address concerns over misuse of personal data.

## Information Collection, Use, and Sharing

We are the sole owners of the information collected in the course of interacting with you. We only have access to/collect information that you voluntarily give us via email or other direct contact from you. We will not sell or rent this information to anyone.

We will use your information to respond to you, regarding the reason you contacted us. We will not share your information with any third party outside of our organization, other than as necessary to help you purchase and use our software and services.

Unless you ask us not to, we may contact you via email in the future to tell you about new products or services, or changes to this privacy policy.

## Your Access to and Control Over Information

You may opt out of any future contacts from us at any time. You can do the following at any time by contacting us via the email address or phone number provided on our website:

- See what data we have about you, if any.
- Change/correct any data we have about you.
- Have us delete any data we have about you.
- Express any concern you have about our use of your data.

## Security

We take precautions to protect your information. When you submit sensitive information via the website, your information is protected both online and offline.

Wherever we collect sensitive information, that information is encrypted and transmitted to us in a secure way. You can verify this by looking for a closed lock icon at the bottom of your web browser, or looking for "https" at the beginning of the address of the web page.

While we use encryption to protect sensitive information transmitted online, we also protect your information offline. Only employees who need the information to perform a specific job (e.g, billing or customer service) are granted access to personally identifiable information. The computers/servers on which we store personally identifiable information are kept in a secure environment.

## Notification of Changes

Millet Software may modify this Privacy Statement from time to time. We recommend revisiting this page periodically to stay aware of any changes to this Privacy Statement. If we modify this Privacy Statement, we'll make it available through our website. Whenever material changes to this Privacy Statement are made, we will provide you with notice before the

modifications are effective, such as by posting a notice on our website or sending a message to the email address associated with your account.

By continuing to access or use the Services after changes to this Privacy Statement becomes effective, you agree to be bound by the revised Privacy Statement. If any changes are unacceptable to you, you may stop using our Services and delete your account at any time.

## Do Not Track Statement

Some browsers have a “do not track” feature that allows you to tell websites that you do not want to have your online activities tracked. At this time, due to a lack of industry standards, we do not respond to browser “do not track” signals. To learn more about interest-based advertising or to opt-out of this type of advertising, visit the [Network Advertising Initiative website](#) and the [Digital Advertising Alliance website](#). Options you select are browser- and device-specific.

## Contact

If you have questions about this Privacy Statement, or wish to submit a complaint, request or inquiry, please email Millet Software’s Privacy Administrator at [ido@MilletSoftware.com](mailto:ido@MilletSoftware.com).
